SUMMARY

I am a highly motivated individual with a passion for learning and exploring new things. I have a strong problem-solving skills that enables me to approach challenges with a logical and analytical mindset, finding effective solutions to various issues. My ability to grasp new concepts quickly makes me a fast learner, allowing me to adapt to different situations and acquire knowledge efficiently. I likely to thrive in environments that encourage personal and professional growth.

EDUCATION

Bachelor of Technology – B-Tech, Computer Science and Engineering

Chhatrapati Shahuji Ji Maharaj University

📅 06/2021 – Present

EXPERIENCE

Web Development Intern

Oasis Infobyte, Kanpur, Uttar Pradesh

📅 07/2023 – Present 📍 Kanpur

Company develops personalized software. They work closely with their users throughout development to ensure that they are still aligned with the end-goal. They are committed to producing exceptional software for each of their clients.

- Focuses on the server-side logic and database management of a website or web application.
- Develops and maintains the server infrastructure, API and databases.
- Increased web traffic by 12% with all new modern design
- Handles data storage, retrieval and manipulations.
- Implements security measures to protect sensitive data.

SKILLS

C++ HTML Javascript CSS Java

ACHIEVEMENTS

Solved 500+ problems on Leetcode and 200+ problems on other platforms

This achievement reflects my dedication to honing my problem-solving and coding skills, as well as my commitment to continuous learning and improvement.

Achieved 2nd rank in GeekWeek Coding Contest organised in my University.

Participating in such a competitive event and performing well underscores my ability to solve intricate problems under pressure, collaborate effectively with peers, and demonstrate a strong grasp of coding principles.

Attained 2 stars on CodeChef with the highest rating of 1481. Achieved a rating of 1602 on LeetCode.

Earning a 2-star rating on CodeChef and a LeetCode rating of 1602 demonstrates my ability to consistently solve challenging problems and compete at a respectable level in coding competitions.
